POLICIES

PAYMENT METHODS

ClubMac accepts Visa, MasterCard, Discover and American Express with no surcharge. Your credit card will not be charged until each item is shipped. School and government purchase orders are welcome. Company checks, Net Terms, and C.O.D.s available upon approval.

SHIPPING POLICIES

ClubMac uses Federal Express for overnight delivery, unless UPS ground offers overnight delivery to your area. All shipments will be made F.O.B. shipping point- Irvine, California. Saturday deliveries will incur additional charges. Saturday delivery is only available if you request it. Some rural areas of the U.S. require more than one day for delivery. COD orders cost an additional $5 per package. COD payments must be personal check or company check only, and may require that a copy of the check be sent to ClubMac before processing. Alaska, Hawaii, foreign (U.S. territories may be considered foreign), and APO-FPO destinations will incur additional shipping expenses.

CUSTOMER SERVICE/SALES

At ClubMac, your satisfaction with the products and services we provide is of primary importance to us. Our "Sales Representatives" are actually fully trained Customer Service Representatives (CSRs). When you place an order with one of our CSRs, we hope you will build a relationship with that CSR so that he/she will better understand your business and be able to serve you better. If you have any questions or problems with an order, feel free to contact your CSR (The person who took your original order) or any other CSR if yours is not available. They can be reached on our Main Sales line at 1(800) 258-2622.

TECH SUPPORT

If you have technical questions about your recent ClubMac purchase, our trained technicians are available to assist you in solving most hardware and software problems. If you receive a product that is defective in any manner, call our Technical Support Department for assistance. Defective products will be repaired or replaced at ClubMac's discretion and may not be returned for a refund, unless that product has a 30 Day Money Back Guarantee.

All product information and prices are subject to change without notice. All products in this catalog are Trademarked or Registered to their respective companies and/or owners. Not responsible for typographical errors. © 1997 ClubMac. All rights reserved. Printed in the U.S.A.

VISIT CLUBMAC ON THE WORLD WIDE WEB

NEW AND EXCITING THINGS ARE HAPPENING ON THE WEB, DONT MISS OUT!

On line catalog
Research the products you want to buy. You can get product specifications, pricing, and availability all on-line! Our easy to use web interface has received much acclaim and anybody with a web browser can use it. Search for products by description manufacturer's part number, ClubMac part number, or category. Keep up to date as our website is updated daily with all the latest products and prices. Place orders on-line or send requests for quotes via e-mail to our dedicated internet sales staff. Any way you look at it, ClubMac is making it easier for you to do business with us.

Employment Opportunities
Ever want to work at a computer mail order company? We have openings in all divisions and all departments! Check out our employment opportunities page to see if there is a career waiting for you!

Blowout Page
Our misfortune is your gain! ClubMac has one of the best inventory management systems in the business. We run a very tight ship, however the computer industry moves so fast, that we sometimes over buy. This means BIG savings for you! Check out our Blowout page, there are some UNBELIEVABLE deals there daily. Remember, the early bird catches the worm. These great deals are always limited to supply on hand, and don't last long. Product is sold on a first come, first serve basis. Check this section regularly so you DON'T MISS OUT!

Macintosh Resources
As a service to our customers, ClubMac maintains a Macintosh Resources section on our website. This section is continually updated. We expect to have hundreds of useful sites for the Macintosh user to explore and utilize. Keep an eye on this section, as it may prove useful.

- 100% Mac-compatibility
- Extended Keyboard and Mouse
- 8x CD-ROM

* Monitor sold separately.

The Motorola StarMax Motherboard Difference

The StarMax machines use a new motherboard design (called Tanzania) which was co-designed by Apple and Motorola. Tanzania deviates from the Mac design slightly, and supports several PC technologies (VGA, Enhanced IDE, and PS/2 serial). The result? More speed and flexibility for you!

StarMax™ 3000

* Monitor sold separately.

- 180, 200, or 240MHz 603e Processor

Don't lug around a heavy laptop...
Get the job Done with an Apple Newton MessagePad

Authorized Catalog Reseller

APPLE® MESSAGEPAD® 2000

with Newton 2.1 OS

The Newest, Most Powerful Member of the Apple MessagePad Family

The MessagePad 2000 has all the functions of an electronic organizer and more. The MessagePad 2000 comes with a word processor, Email client, Web Browser and a full array of productivity applications.

$949

A102 1397

- ***Faster Processor***
  The MessagePad 2000 now has a 161.9MHz StrongArm 110 RISC processor which runs 10 times faster than the MessagePad 130.
- ***Additional System Memory***
  The MessagePad 2000 comes standard with 8MB ROM and 5MB RAM (1MB DRAM and 4MB Flash RAM).
- ***Improved System Expansion***
  With two Type II PC Card slots you can now use a PC Card Modem and a Flash Storage Card at the same time.
- ***New Capabilities***
  The MessagePad 2000 now has a built-in speaker and microphone to record and playback personal notes and meetings. The much improved screen (480x320 pixels) now displays text and graphics in 16 shades of gray.

INCLUDES:
4AA batteries, Pen, Newton Connection Utilities with cables for Mac and PC

APPLE® MESSAGEPAD® 130

with Newton 2.0 OS

INCLUDES:
Telescoping Pen, Pocket Quicken, Newton Back-up Utility, 4AA Batteries & Newton Carry Bag

$689.95

A102 1280

Backlit Non-Glare Screen
The MessagePad 130 PDA has user-controllable backlighting for on-demand use allowing easy viewing of information in poor lighting conditions.

1 Year Manufacturer's Warranty

Nonglare, More Durable Writing Surface
The MessagePad 130 PDA's new screen allows users to easily view information in various lighting conditions and provides a more robust surface for entering information.

Additional System Memory
With additional system memory, the MessagePad 130 PDA offers improved performance with communication solutions such as Internet Protocol (IP) applications and wireless LANs, as well as improved multi-tasking support.

Support for Class II Fax
The MessagePad 130 PDA supports Class II Fax, which is important in markets where the GSM cellular phone standard prevails.

APPLE® MESSAGEPAD® 120

with Newton 2.0 OS

You're organized while you're mobilized.

Weighing only 1 lb., the MessagePad 120 has all the functions of an electronic organizer, and more. It stores hundreds of names, phone and fax numbers, street and e-mail addresses. It keeps track of your schedule. You can write to-do lists, notes, memos, or even make sketches.

It not only organizes, it communicates.
The MessagePad 120 works with the way you communicate today. It can send and receive faxes. It also allows you to receive wireless paging messages and news bulletins. You can exchange e-mail via the Internet. It even has an optional keyboard so you don't have to carry a laptop.

An easy connection to your PC or Macintosh.
The MessagePad 120 connects to both Windows and Mac™ OS-based computers. So you'll be able to create backup files, take your PC files with you, or access your PC from the road. You'll soon discover how it can make you more efficient and productive when you're on the go.

ClubMac®

Put A Zip™ Drive On Your Desk

iomega®

The One Drive for All Your Stuff.

Expand your hard drive without limits
(100 MB at a time)
Take it with you
(Zip drive and disks are portable)
Backup your hard drive
(fast and easy)

$199.95
Mail In Rebate or cool accessories & software. ($150 Value)
See below for details.
-$50
$149.95

Expand your hard drive without limits
Increase your storage quickly, easily and economically, as you need it. With interchangeable 100MB Zip disks, you can use a different disk for every project. And if you're using compression software, you can keep up to 200MB of your stuff on a single Zip disk.

Fast, easy and familiar
Zip drive works like your hard drive on a Macintosh or a PC. You already know how to use it. Launch and run files and applications directly from the drive.

ClubMac®

Quantum

ClubMac now offers all of it's external drives in the new ClubMac Universal case. This case can hold any 3.5" or 5.25" drive - from hard drives and CD-ROM drives to SyQuest and DAT drives. This versatility provides an attractive, stackable case for all of your peripherals.

TEMPEST FAMILY

Also known as the Fireball TM, the Quantum Tempest drives meet the highest standards for quality and reliability. Fast rotational speed reduces latency delays and enables internal data rates of up to 90 megabits (mb) per second.

- 3.5-inch form factor
- 1-inch low profile
- 10.5ms average seek time
- 10 MB/sec data transfer rates
- 4,500 RPM rotational speed
- Fast SCSI-3 Interface
- 400,000 hours MTBF
- 128K buffer size

Capacity	Access	Part Number	Internal	Part Number	External
1280MB	12 ms	C104 0015	$269	C104 0065	$329
2150MB	10.5 ms	C104 0013	$339	C104 0063	$399
3255MB	10.5 ms	C104 0014	$399	C104 0064	$459

ATLAS II FAMILY

- 3.5" Form factor
- 512K buffer (9GB has 1024K)
- 1,000,000 hour MTFB
- 1" Profile (9GB is 1.6")
- FIVE Year Warranty

Capacity	Access	Part Number	Internal	Part Number	External
4550MB	8 ms	C104 0021	$899	C104 0071	$959
9100MB	8 ms	C104 0022	$1639	C104 0072	$1699

TEMPEST IDE DRIVES

Quantum IDE hard drives are compatible with Quadra 630, Performa 5200/5300, and Performa 6200/6300/6400 Series

- Data transfer rates of 16MB/sec (sync)
- 128KB buffer size
- THREE Year Warranty
- 30-Day Money Back Guarantee

Model	Capacity	Access	Part Number	Internal
Tempest	2.1GB	11ms	C104 0023	$269
Tempest	3.2GB	11ms	C104 0024	$299
Tempest	3.8GB	11ms	C104 0025	$369

Seagate

Barracuda™ 4LP Ultra SCSI Hard Drives

The New Barracuda 4LP drives give you the convenience of low profile as well as the high transfer rates of Ultra SCSI. With this high performance and ClubMac's low prices, you can't go wrong!

Formatted Capacity	Model	Description	Access Time	Part Number	Internal	Part Number	External

Barracuda™ 3.5" Half Height Drives

The Barracuda Half Height drives satisfy the capacity, performance, and reliability requirements of the most demanding high-end applications. The drive market has known the Barracuda name for years. Now Seagate has crammed 9GB capacity into a 3.5" dynamo fitting of the Barracuda name.

Formatted Capacity	Model	Description	Access Time	Part Number	Internal	Part Number	External
9.1GB	ST1917IN	Barracuda™ 9	8ms	C104 0307	$2299	C104 0357	$2359

ClubMac® FAST & WIDE SOLUTIONS

Do you have a server? A high usage workstation? Editing or creating video?
If so, you need the fastest transfer rates and high performance of a ClubMac Fast and Wide drive. Both Quantum and Seagate Fast and Wide drives give you the necessary transfer rates for high speed back-up and error-free video and sound playback. When coupled with a Fast and Wide SCSI Controller you can take full advantage of Fast and Wide technology.

YAMAHA®

THE NAME TO KNOW IN CD RECORDERS

Includes Toast 3.0

Now 4X writes and 6X reads come together for the most eXXciting performance in CD-Rs. The speed is intoXXicating. Multimedia snaps to life with 6X read, while 4X write slashes record times in half. Plus, the CDR400, the big brother of the CDR100, supports packet writing to save space, provides a 2MB buffer for uninterrupted recording and makes CD-R backups as easy as writing to a floppy disk.

$999

Y010 1011

FEATURES

FLEXIBLE FORMATS

- CD-DA (Digital Audio) for music and other digital audio applications
- CD-ROM (Read-Only Memory) for access to thousands of CD titles
- CD-ROM XA (Extended Architecture) for simultaneous handling of text, sound, and images.
- CDI (Interactive) for interactive multi-media home entertainment

MULTIPLE MODE FLEXIBILITY, AND SELECTABLE SPEEDS

- Disc-at-once lets you record the whole disc at once –data cannot be added later.
- Track-at-once lets you record only part of the disc. You can add to the disk up to 99 times (by Orange Book specs) while not reading from the disk in the interim.
- Multisession mode lets you record part of the disc, read the interim, and add data later until the disc is fully recorded.

APPLICATIONS

The EXPERT series ensures that your CD recording capability will keep up with the multimode power and versatility to meet virtually any CD text, audio, data, and imaging applications. For example:

- Multimedia premastering, testing and debugging
- Application software distribution
- Image data handling
- Document distribution
- Low volume in-house publishing
- Archiving and Back-up

M241 1005

Specifications

- 4X Write, 4X Read
- 1MB Buffer
- 220ms Access Time
- Up to 680MB Capacity

Upgrade your old CD-ROM drive with one that offers functionality - with the ability to write disks that are readable in almost any computer available. Nor more asking "What kind of drive do you have?" and wondering if your cross platform disk can be read when it is delivered.

Does it all. Data storage, backup, CD mastering, or sending holiday photos to grandma. And the disks are inexpensive, too. Configures to create disks that are compatible with Mac and PC without the need of special device drivers for true platform independent computing. Store data and CD audio on a single disk to add some personality to your data. backup your system on the MCA-CDVR because the disks are as cheap as a tape. Best of all, a SCSI interface is used so it can attach to almost any computer.

The World's Leading Macintosh Video Editing System

VideoVision Studio 2.5.1

60FPS VIDEO & 16-BIT SOUND CAPTURE

With VideoVision Studio, you can record full-screen, full-motion, 60 field-per-second digital video input and output to and from your hard disk. VideoVision Studio delivers unsurpassed real-time hardware-accelerated JPEG compression and decompression of each individual video frame, so you can perform non-linear, frame-accurate digital video editing. VideoVision Studio also digitizes stereo audio simultaneously and stores it with the video for easier input and editing.

Broadcast-Quality Video – VideoVision Studio can deliver broadcastable quality video output in NTSC and PAL timings.

16-bit Audio – VideoVision Studio can now simultaneously capture video with 16-bit, 44.1 KHz stereo sound using the on-board audio of the Power Macintosh.

MANUFACTURER'S 30 DAY MONEY BACK GUARANTEE

FREE Software

Caere OmniPage LITE
Corex CardScan SE
PictureWorks Copier

PaperPort Vx™ is absolutely the easiest way to get all of your paper documents, photos, and files into your Mac so you can fax, file, copy, edit, and more. Simply insert paper into PaperPort Vx™, and in as little as two seconds it's on your monitor. Use the PaperPort Vx™'s annotation tools to easily work with documents on-screen. Use the drag and drop method to file documents to and from the desktop software. With the exclusive SharpPage Technology™, faxes, print outs, and on-screen images are all legible and accurately represented with up to 256 shades of gray.

FREE with your PaperPort Vx™: SE business card reader, OmniPage™ LITE OCR and Picture Works Copier instant copy machine. And, PaperPort Vx™ has over a hundred direct links to applications you use everyday.

SCAN ANY SIZE, TYPE & SHAPE PAPER!
PaperPort Vx™ accepts all sizes of paper from 8.5" wide, 30' long, business cards to full size columns.

WORKS WITH ANY PRINTER!
Turn your Mac into a full function copying machine and make copies right from your desk.

WORKS WITH ANY FAX MODEM!
Finally you can fax anything right from your desk.

NOTHING IS EASIER TO SETUP AND USE!
Installation is a snap! With Visioneer's paper-driven™ technology there is no on or off button–just feed paper in and go.

Dual Processor PowerPC Upgrades

nPOWER 400+ Dual 200MHz

PowerMac 7500, 7600, 8500, 9500 and Umax S900

the world's fastest dual processor

nPOWER 400+ Mac 9500/120

Daystar's nPOWER 400+ multiprocessing upgrade delivers the world's fastest performance for dual processing in the Mac OS. This dual processor 200MHz 604e upgrade is designed to install easily into the Power Macintosh 7500, 7600, 8500, or 9500. nPOWER also supports the UMAX S900. With dozens of multiprocessing applications available and in development, nPOWER is assured of speeding applications right into Mac OS 8, which is also going to support multiprocessing from the outset.

No special skills are required for this simple installation. Just open the cover, swap the card with the current single processor card, and add the system extensions. Then restart and GET READY TO RUMBLE!

D040 1060 nPower 400+ (Dual 200MHz Processors) $1799

WACOM

Close the Photoshop Gap!

Close the photoshop gap with the pressure-sensitive feel and performance of a quality Wacom Graphics tablet. Instantly enable Photoshop's 11 different pressure-sensitive tools when you install a Wacom that are unavailable with a mouse. And every Wacom includes the Erasing UltraPen® with DuoSwitch™, which incorporate a built-in eraser that's intuitively found at the end of the pen. Just a slight roll of the thumb activates either button under the rocking DuoSwitch, preventing the bounce and jitter that comes from having to press two individual side buttons. Customize your DuoSwitch to be an option key, and never go back to the toolbox to sample a color, switch from dodge to burn or clone. Order an award-winning Wacom graphics tablet and find out why 500,000 Photoshop, Illustrator, and Painter users swear by their Wacom.

ULTRA Slate

Create graphics the easy way—with UltraSlate.

The CalComp UltraSlate™ features a cordless pen with 512-level sensitivity and a balanced, no-battery design that feels just right. With your graphics software the pen works like a regular pencil or paintbrush. Drawing, tracing, retouching, or creating everything from simple sketches to high-tech 3D animation, is easy, yet precise. Fumble-free erasing is in the pen tip, and programmable toolboxes are on the screen, right next to your work. UltraSlate is available in two tablet sizes—4 x 5 inches and 6 x 9 inches.

CalComp UltraSlate

- Cordless Pressure Pen
- Fumble-free erasing pen
- Pop-up on-screen Tool Box
- Makes 3D animation easy

DrawingSlate™ II Graphics Tablets

LIFE TIME · 30 DAY MONEY BACK

6"x9" for only $205

4"x5" with Dabbler for only $99.95

DrawingSlate™ II handles every drawing or painting style you work in - full color or complex line art, shading, stippling.

A graphics tablet should be designed to let you use the skills you've been practicing ever since kindergarten, and make drawing with a computer as comfortable as wielding a pen or paintbrush. That's what you get with DrawingSlate™ II. You'll notice right away how familiar it feels. This slender, lightweight tablet is a convenient laptop or desktop drawing surface. The cordless, pressure-sensitive pen translates the pressure and tilt you apply into lines, shading, or color blending, just as if you were working at an easel or sketchpad. DrawingSlate II also gives you the point-and-click functions of a mouse, as well as features like area scaling and programmable commands. Besides, its unique and fumble-free erasing makes unwanted lines vanish like magic.

- Advanced pen technology simulates drawing or painting
- Fumble-free, pen-point erasing
- Area scaling for selecting size of drawing view
- Recordable macros on all Tablets

Save $129 When buying the Painter Bundle

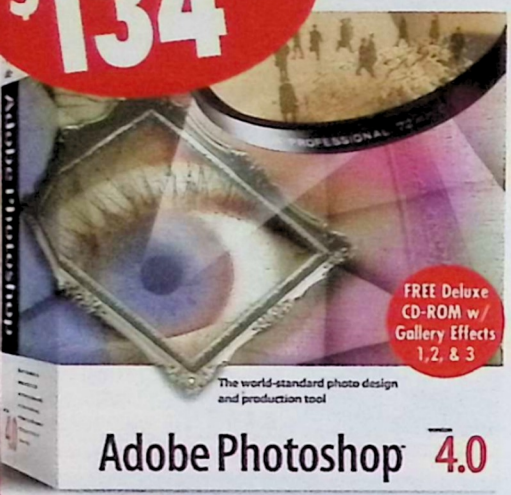
Adobe

The world-standard photo design and production tool just got BETTER!

Announcing Adobe Photoshop 4.0!

Upgrade to 4.0 for $134.95



Adobe Photoshop 4.0 offers a wide range of new features that increase creative control and productivity. Key new features include Actions, which supports task automation and batch processing, and Adjustment Layers, special layers through which image adjustments can be applied without permanently modifying the original image. Photoshop 4.0's Free Transform function applies multiple transformations with unparalleled control and image fidelity. The Navigator provides quick and precise access to magnified views of an image.

Guides and Grids
Photoshop 4.0 introduces Guides and Grids, bringing standard features of page-layout and illustration programs to image-editing. Guides can be pulled from the rulers to provide precise horizontal or vertical lines to which tool operations can be snapped.

Speed Improvements
Users who work with large images will immediately notice improved responsiveness when scrolling, zooming, moving selections, and compositing layers. By increasing the display speed of these common operations, Adobe Photoshop 4.0 allows users to work more efficiently with large image files.

Adjustment Layers
An adjustment layer is a mask through which an image adjustment is applied. Any number of adjustment layers can be stacked in the Layers palette, each adjustment layer modifying the layers that lie below.

Free Transform
This command allows users to scale, rotate, skew, add perspective to, or otherwise distort a selected image area in a single step. Using the Free Transform command makes complex manipulations of images easier, and it also results in greater image fidelity.

Digital Watermarking
This feature introduces an effective method for creative professionals to protect the copyright of their images. Using PictureMarc(TM) technology Adobe Photoshop embeds an imperceptible, digital watermark in any image.

48 New Effects Filters
Photoshop 4.0 now includes more than 90 filters, including 48 new filters that offer a wide range of artistic effects, such as colored pencil, crosshatch, film grain, and much more. These plug-in filters feature the updated, more compact Photoshop 4.0 interface, with dynamic previews. Each filter is now 32-bit native, enabling greater processing speed.

Painter 4

March 1996

Experience the Power of Natural Media

Painter 4.0 is the flagship product of Fractal Design. It's natural-media drawing and painting tools, such as brushes, markers and pencils, let you create traditional looking artwork files. Other innovative features included are multiple floating selections, synthetic lighting and texture, frame by frame animation and the Image Hose. Mosaic Tool allows the user to create realistic mosaics by "painting" with tiles on a blank canvas or over scanned photographs. And web page designers can take advantage of the ability to produce graphics in GIF and JPEG formats with support for interleaved and transparent GIF images. Painter's mission as well as that of Fractal Design is to provide the richest set of graphics creation tools available!

Expression

Natural-media and vector drawing in one!

Fractal Design brings you Expression; a natural-media/vector based drawing program. You get the control of full path and object editability as well as a palette full of tools which mimic traditional media including brushes, pencils, markers and water colors! Skeletal Strokes technology gives the artist the expressive freedom to create sophisticated drawing elements with simple, natural gestures. Expression is compatible with your existing vector draw programs such as CorelDRAW, Adobe Illustrator or Macromedia FreeHand.

F039 1055	Fractal Design Expression (Sidegrade)	$144*
F039 1051	Fractal Design Expression (Full Version)	$279

* Sidegrade Must own painter, Poser, Ray Dream Studio, or Designer!

DETAILER

Paint on the surface of a 3D model!

Detailer is an exciting new graphics program from Fractal Design that lets you paint directly on the surface of 3D models. It allows for direct manipulation of 3D surfaces by letting you create texture, bump and other surface maps on your 3D models. Detailer supports multiple floating selections, so imported Painter or Photoshop files preserve independent layers and floaters. Also at your disposal are over 100 retouching and natural media brushes many of which made another Fractal product; Painter, a classic! It's the closest thing to actually holding an object in your hand and painting on it. ***Ray Dream Designer also included.***

F039 1057	Fractal Design Detailer (Sidegrade)	$144*
F039 1053	Fractal Design Detailer (Full Version)	$279

* Sidegrade Must own Painter, Poser, Ray Dream Studio, or Designer!

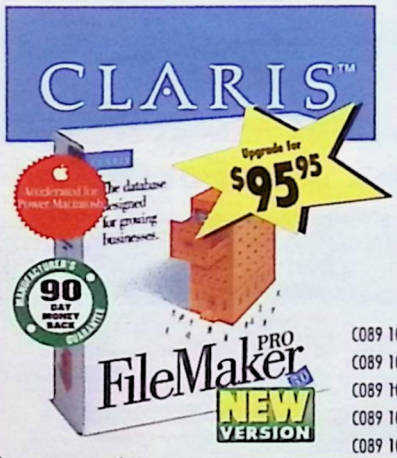
CLARIS™



Claris FileMaker Pro v3.0

FileMaker Pro is the only relational database program designed from the ground up for end users—so you don't have to be a database expert to develop your own custom solutions. Included are more than 50 ready-to-run business, education and home templates that enable you to keep vital information at your fingertips.

What Sets FileMaker Pro 3.0 Apart From Other Relational Databases?

Among all the key Mac relational databases, only FileMaker Pro provides:

- Renowned easy-to-use interface
- The ability to let users install, design and modify their database without special expertise
- The ability to use a database on so many platforms-Win 95, Macintosh and PDA
- Multi-user networking right out of the box
- Database network administration without any special expertise

MCA-S600C

Color Document Scanner

$299 M241 1006

The MCA-S600C ADF Sheet Fed Scanner is the first product of it's type, designed to offer high end scanning capabilities at an affordable price. Unique styling and form factor set the S600C apart from other scanning solution solutions in this category. Also unique to the S600C is the ADF (Auto Document Feeder) which enables scanning of multiple sheets unattended.

The MCA-S600C is perfect for personal document imaging, while allowing full color capabilities and SCSI performance. Resolution is fully adjustable, so throughput and image quality can be adjusted to fit specific imaging needs. Modes from 1 bit black and white to 24 bit full color are easily selected from the user interface.

Offered with the S600C at no extra charge is Textbridge OCR from Xerox, providing the best OCR capabilities available. The highly acclaimed PageManager document management software allows simple processing of image information and allows documents to be directed to E-mail, Fax, text, and any additional applications that can use image input like photo editing.

FEATURES

- Full 24 bit color
- Up to 600 DPI Optical
- Small Form Factor
- Textbridge OCR
- E-mail/Fax/Word Process
- Document Management
- Photo Editing
- Sheet feeder
